

TIM SYLVESTER

A GENERAL PRESIDENT FOR FREIGHT TEAMSTERS

- Coordinated Organizing Drives to Rebuild Teamster Power in Freight and Trucking
- Fight Concessions. Defend & Enforce Contracts.
- Defend Teamster Benefits & Pensions

Every Teamster will have the chance to vote in 2016 for new International Union leaders. It's time for new leadership and a new direction.

Hoffa ran for office on his father's famous last name. But while Hoffa Sr. built Teamster Power in trucking, James P. Hoffa is destroying it. He's delivered the worst concessions and pension cuts in Teamster history and abandoned the freight Teamsters who built this union.

We need strong IBT leadership that is committed to rebuilding Teamster Power in freight.

That's why Freight Teamsters across North America are signing petitions to certify Tim Sylvester and the Teamsters United Slate as official candidates against Hoffa-Hall.

The President of Local 804 in New York, Tim Sylvester has a proven record of beating concessions, reversing pension cuts and winning strong contracts by mobilizing members.

SIGN THE PETITION TODAY.
